## BITTER FIGHT TO BAR LAWLOR AND HENEY.

### Calhoun's Counsel Determined to Have Judge and Prosecutor Disqualified.

#### Defendant Ready as Ever for Trial, But Demands Fairness—Attorney Moore Scathingly Denounces As- sistant District Attorney in Address to Court—Case Set for Next Monday—Battle of Affidavits Promised.

[BY DIRECT WIRE TO THE TIMES.]  
SAN FRANCISCO, June 21.—[Exclusive Dispatch.] When Judge Lawlor opened his court today the room was nearly as crowded as last week when closing arguments were made in the Calhoun case. Heney rose and said:

"We ask that the case be set for tomorrow."

In these words the prosecutor showed his determination to go on against Calhoun without regard to the ten votes cast for acquittal by the jury just discharged. Heney added he was ready to keep on trying the defendant until there were no indictments left of the bunch of seventeen now on file.

A. M. Moore's rejoinder to Heney contained plenty of ginger, and was to the effect that the same alleged crime had already been put in issue four separate times; that most of the indictments were nothing but so much waste paper, and that to try them could have no other purpose and effect than to annoy and harass the defendant.

#### CALHOUN IS READY.

"Mr. Calhoun is ready to be tried now, as he has ever been, but he does not propose, if there is any appropriate method at law to prevent it, to be tried before Your Honor or prosecuted by Mr. Heney," declared Moore.

The court stenographer had to put on high speed after this to keep up with the remarks hurled at each other by the opposing lawyers. Heney thought that, since he had offered to try the co-defendants, Calhoun, Ford and Ruef, together, nobody should be heard to complain if delay grew out of the defendant's exercise of the right of severance.

The upshot of the whole matter was that the case founded on indictment 1437 was put on the calendar for next Monday morning, when the defense will file a number of affidavits in support of a motion to set it aside. This means the commencement of another affidavit war and the review of the just-ended trial in so far as its record bears upon allegation that Judge Lawlor is disqualified, by reason of prejudice, for presiding at another Calhoun trial, and that Heney, by accepting money from Spreckels, made himself an unauthorized person to enter the grand jury room.

Indictment 1437, which was returned by the grand jury on March 26, 1908, is the one which formed the basis of the last Ruef trial, Ruef being charged jointly with Calhoun and Ford. It is in all respects similar to the one which was the basis of the case which has held the boards in Judge Lawlor's court since January 12; save that Boodle Supervisor John J. Fury is named instead of Boodle Supervisor Fred P. Nicholas as the recipient of an alleged bribe offer in connection with the trolley ordinance.

#### HENEY'S FEDERAL CONNECTIONS

Calhoun's attorneys made a strenuous effort to get Heney's relations with the Federal government formally before the court, but Judge Lawlor said he would not allow them to be considered in support of a motion to set aside. There was a great deal said about Heney's Federal connections today, however, as well as his receipt of coin from Rudolph Spreckels.

Alex. C. King of defendant's counsel argued that when Heney entered the grand jury room at the time of the finding of the Calhoun indictments, an assistant of the Attorney-General of the United States entered the grand jury room in his person, and that therefore the indictments were invalidated by the presence of an unauthorized person.

"The defendant cannot safely proceed to try his case before Your Honor," was the gist of A. A. Moore's contention along this line. "The defendant and his counsel, including myself, have concluded that Your Honor did not give the defendant a fair trial," he said, and he asked for time to support his allegations with extracts from the records.

It was in order to give time for the making of these extracts that the continuance until Monday was granted.

#### SPRECKEL'S PART.

In making his argument, Moore said: "Another reason why we think that neither Your Honor nor Heney should participate in these trials is that when the appointment of Heney as Assistant District Attorney was obtained, it was at the solicitation and by request of a private prosecutor; that Rudolph Spreckels furnished the funds for the purpose of prosecuting this defendant, and that he employed Heney before he went to Washington. Then William Burns went to work as an employee of Rudolph Spreckels. All the funds for the prosecution were provided by Spreckels, and in addition certain payments were made, sometimes monthly and sometimes in the lump sum, ostensibly to pay the office expenses of Heney."

"The law does not care, when such appropriations are made, whether they be called compensation or office expenses. The fact remains that Heney has from that time to this taken large sums of money, aggregating \$23,000, from Rudolph Spreckels's private purse. Mr. Calhoun has always been ready to be tried and is ready now, as he ever was, but he does not propose, if there be any appropriate method in law to prevent it, to be tried by Your Honor or to be prosecuted by Mr. Heney."

#### HENEY DENIES OFFICE.

Henev sprang to his feet at this, saying that Patrick Calhoun, according to counsel, had been clamoring for a speedy trial and at the same time doing all he could to prevent it by refusing to be tried jointly with Tirey L. Ford and Ruef in 1907.

"The District Attorney's office," he added, "has been abused ever since that time. With regard to Mr. Heney holding the office of Assistant Attorney-General of the United States, I can't

## HONORS FOR ROYAL BABE.

### Sentries at The Hague Get Tip for Presenting Arms to Princess.

[BY DIRECT WIRE TO THE TIMES.]  
THE HAGUE, June 21.—[Exclusive Dispatch.] Little Princess Juliana received her first military honors the other day. One of the soldiers on duty in the palace garden, seeing the nurse approach with the baby, at once presented arms. The nurse thought this so nice that she told the Prince Consort, who liked the honor done to his little daughter so much that he had the sentry called in and gave him a substantial present. Now all the sentries are eagerly on the lookout for the Princess, and every one presents arms to her.

## RUMOR IS BUSY WITH HARRIMAN.

### MARKET FALLS ON REPORT OF HIS ILLNESS.

#### Prompt Denials by His Associates at Union Pacific Headquarters in New York Fail to Stop Slump in the Many Stocks Connected With His Interests.

[ASSOCIATED PRESS NIGHT REPORT.]  
NEW YORK, June 21.—Rumors that E. H. Harriman was critically ill in Vienna, at times exaggerated to the extent of saying that he was dead, met with prompt denial by his associates at Union Pacific offices today. Notwithstanding this, the reports, coupled with a sharp bear raid, caused a decided break in the stock market, and the decline in the so-called Harriman stocks had not been checked when trading closed.

Union Pacific dropped four points, recovered only a quarter, leaving a net loss of three and three-quarters for the day. Southern Pacific showed a net loss of one and one-quarter, ending at four and one-quarter, and Amalgamated Copper three and three-eighths. Losses as high as twelve points from top were registered in some of the smaller stocks.

One of Mr. Harriman's closest associates said that he felt convinced that any report purporting to indicate that Mr. Harriman was seriously ill, was utterly false.

"We have received several cable messages from Mr. Harriman today," he said. "One of these was addressed to a member of his family and gave no hint of any change in Mr. Harriman's health."

Robert S. Lovett, vice-president and general counsel of the Union Pacific Company, said: "I have no cablegram from Mr. Harriman today upon a matter of business. I have been called upon almost every day since Mr. Harriman sailed to deny false reports about his health. I am tired of it, and shall pay no further attention to them."

#### IS WELL, THANK YOU.

[VIENNA, June 21.—There is no word in the reports that E. H. Harriman is seriously ill. Mr. Harriman's health, on the whole, is considered satisfactory.

Certainly there have been no serious complications since his arrival here. He has been driving daily.

On Saturday Mr. Harriman was among the guests of the Emperor at the Neue Handels Akademie, and on Sunday he witnessed the trotting races.

Mr. Harriman, accompanied by his family, will leave here tomorrow for Remmering, in the Eastern Alps of Austria-Hungary, where he intends to stay for several weeks.

It is believed by Mr. Harriman's representative that the unfavorable rumors regarding his health have their explanation in certain maneuvers which have been going on in certain bourses and stock exchanges.

#### SOCIETY PRESENT.

LONDON, June 21.—Miss Kitty Cheatham gave her first entertainment at the Ritz Hotel today. The audience included many persons prominent in society. She was accorded an enthusiastic reception.

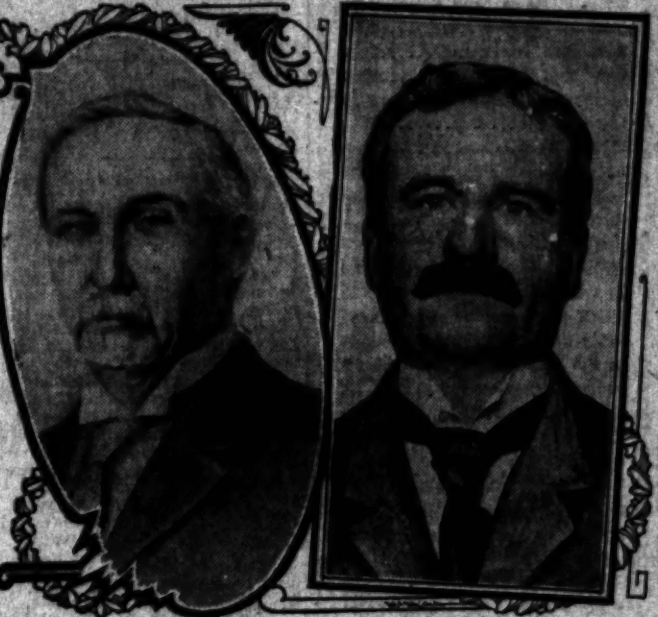

## COLORADO IS RISING.

### River Reaches Highest Point for More Than Fifty Years.

[BY DIRECT WIRE TO THE TIMES.]  
YUMA (Ar.) June 21.—[Exclusive Dispatch.] Colorado River at the Southern Pacific Railroad bridge has attained the height of 30.3 feet, and is rising at the rate of 3 per day. This is a foot and a half higher than recorded for more than fifty years.

Over Laguna Dam five and a half feet of water is flowing. Six miles below Yuma the levee on the Arizona side broke yesterday, the gap being ten feet wide and four feet deep. Fifty men were at once put to work, and the break closed without much difficulty. No sign of weakness has yet been observed in levees elsewhere.

## BAPTISTS AMID YELLS CAST OUT REV. FOSTER.

### University of Chicago Professor Who Denied Divinity of Christ Dropped from Ministers Conference After One of Stormiest Meetings of Churchmen.

[ASSOCIATED PRESS NIGHT REPORT.]  
CHICAGO, June 21.—Prof. George B. Foster, of the University of Chicago, whose denial of the divinity of Christ in a recent book stirred Chicago Baptists to a high pitch of resentment, was dropped from the Baptist ministers conference of Chicago today.

Hisesy, yells and general confusion marked the meeting one of the stormiest ever held by churchmen in Chicago.

Dr. Foster attempted to introduce a resolution to drop Prof. Foster, whereat he was vociferously assailed by Rev. Dr. A. H. Harnley.

"This matter was decided for good and all last week," he shouted. "Dr. Foster be dropped, brought the fight around to himself, the real object of the meeting being disregarded for a time."

Rev. Dr. D. D. McLaughlin started the trouble by asking for a committee to investigate Dr. Foster's right to membership in the conference. This motion was hissed down and Dr. Dixon explained that he joined the Baptist church in New York.

Dr. M. P. Boynton was hissed when he said: "We are not going at this

## HORROR OF MURDER OF ELSIE SIGEL DEEPENS.

### Police Find Love Letters She Sent to Chu Gain, Partner of Her Slayer, Furnishing Motive for Crime—Many Suspects Are Arrested.

[ASSOCIATED PRESS NIGHT REPORT.]  
NEW YORK, June 21.—A dispatch from Vancouver, B. C., says a Chinaman, assuming the description of Leon Ling, supposed murderer of Elsie Sigel, was taken from a west-bound Canadian Pacific train at Revelstoke, B. C., today.

Jose Suey, 23 years old, the white wife of Louis Suey, a Chinese laundryman, was arrested tonight with her husband, following a raid on Suey's laundry, where the police allege they found an opium den.

A young white woman, who was found dreaming in one of the bunks, also was arrested.

Jose Suey, the police say, formerly was a missionary worker with Elsie Sigel and has been on friendly terms with Miss Sigel.

The Sueys will be held as witnesses in the murder case.

After a bit of police flurry today, an hour or two of unverified reports, and telephoning between cities, the murder of Elsie Sigel resolved itself into an unsolved crime again tonight.

Chun Sin, who formerly occupied a room adjoining that where the girl's body was found, is held by the police at the up-State village of Amsterdam, N. Y., but what has been learned from him has cleared up the case but little.

At Schenectady the Chinese arrested today, at first thought to be Leon Ling, or William L. Lee, who is sought as the girl's murderer, pretty well established that he is an unoffending Celestial who formerly worked in a New York restaurant and whose arrest was brought about merely through a striking resemblance to Leon Ling.

The disappearance of Chun Sin about the time the murder was committed made the police eager for his apprehension, which was considered second

### Land Fraud Case to Front Again.

#### Question of Reappointment of Robert T. Devlin Opens Sore.

#### Attorney-General Ordered to Forward All Secrets to Senate.

#### Facts in Dr. Perrin's Trial Wanted—Bonaparte Is Silent.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 21.—Atty.-Gen. Wickham, by an order adopted by the Senate Committee on Judiciary today, is commanded to send to the Senate all the facts in his possession, relating to the prosecution of Dr. E. B. Perrin of Williams, Ariz., on the charge of conspiracy to defraud the government in California timber land cases.

This data was sealed by former Atty.-Gen. Bonaparte and the packages, which were left in the files of the Department of Justice, were marked "confidential."

Several days ago members of the subcommittee, considering the reappointment of Robert T. Devlin as United States Attorney for the northern district of California, obtained some information regarding these packages, and asked Mr. Wickham to send them to the Senate. He declined to do so because of the indorsement on the packages, which, he said, had been placed there by his predecessor

FORD CAR HAS

With Lighted Match.Delayed One Hour Owing to  
Slight Injuries.Shawmut Machine Eleven  
Hours Behind Leader.

(BY DIRECT WIRE TO THE TIMES.)  
FROESHER (Wash.) June 21.—[Exclusive Dispatch.] Ford No. 2, the leading car in the New York to Seattle race, barely escaped destruction by fire here this morning, when a man in the crowd about the car during its stop here, essayed to strike a match on it. Instantly the rear of the car burst into flame, and the crowd of 200 people scattered in panic. A hand chemical of the local fire department quickly extinguished the flames and the damage was found to be only slight, so that the car was only delayed an hour.

The car arrived here at 7:30 p.m. driven by Scott and Smith, having left Walla Walla at 7:15 a.m. A stop was made for supper and to fill the gas tank, and it was when the car was ready to start that the accident occurred. The car got away at 7:45 and hoped to reach North Yakima tonight.

**TWO CARS TOGETHER.**  
WALLA WALLA (Wash.) June 21.—[Exclusive Dispatch.] Ford car No. 1, leader in the New York to Seattle race, left here at 7:10 a.m. for Seattle. Ford car No. 2 arrived here at 6:10 p.m., and the Shawmut came in at 7 a.m. Minor repairs to both cars were made here, and they left together at 9:30 p.m. for North Yakima, where they expect to arrive early Tuesday morning.

**SHAWMUT GAINING.**  
PORTLAND, June 21.—[Exclusive Dispatch.] Last night the Shawmut was several miles behind Ford No. 1, but ran all night and gained 10 miles. "We do not expect to leave our car again until we reach Seattle, and that will be tomorrow night, if we have anything like luck," said P. H. Angell, driver of the Shawmut, tonight.

**GARBUTT CHOSEN.**  
WILL REFEREE BIG AUTO RACE.  
Acting Chairman Leon T. Shettler announced yesterday the selection of a referee for the Seattle-Monika road race, and he also received acceptance from two of the judges. Frank A. Garbutt, one of the pioneer motorists of California, will act as referee. Garbutt was referee of the recent 48-hour race, and having driven racing cars himself, he is well qualified for the job. His selection will meet with popular approval.

**PLUCKY WOMEN.**  
ON LONG TRIP IN AUTO.  
(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, June 21.—[Exclusive Dispatch.] After having completed the 100-mile run of a 200-mile journey across the continent in an auto, preparations were made today by four women to continue the trip to San Francisco.

The women are Mrs. John R. Ramsey, Mrs. William Atwood, Mrs. N. E. Powell, and Mrs. E. J. Johnson, all of Hackensack, N. J. They are in the Chicago Motor.

The party will leave tomorrow morning for Clinton, Iowa, which will be the next stop. Before starting on the remainder of the trip, which will involve the difficult journey across the Rocky Mountains, the adventurous women will lay in a large stock of provisions and expect to be able to defend themselves from wild animals or traps, it is expected.

**PHYSICIAN JUMPS.**  
GAME WITH AUTO.  
(BY DIRECT WIRE TO THE TIMES.)  
MILWAUKEE, June 21.—[Exclusive Dispatch.] "Leaping the gap," as performed in many a circus, is a thing for the amusement of thousands, was a simple feat compared with the experience of Dr. William E. Durr of this city this afternoon, when his automobile made a spectacular trip across the gap between the rapidly rising wings of a bridge at first-avenue viaduct.

Dr. Durr was hurrying on an emergency call to the South side, when he approached the viaduct bridge. Instead the bridge was ascending, with the south arm of the bridge slightly below that on which he was ascending. Putting on full power, his machine leaped to the end of the bridge and safely made the crossing to the south arm over a space of fully ten feet.

Compete in Long Distance Contest  
at San Pedro.Fred Low, the local Marathon runner,  
yesterday entered the eighteen-  
mile foot race that is to be held at  
San Pedro Sunday afternoon. Low dis-  
played remarkable stamina in the  
two regulation Marathon events which  
he won in this city, and he probably  
will make fast time over the shorter  
course.

George Miller, who won the last Los Angeles-Venice race and later beat Soldier King in a Marathon race at San Francisco, is to decide today whether or not he will enter the contest. Miller and Low have never been pitted against each other and in the event of Miller's entering the race, the contest should be the classic that has been pulled off in the south.

William Burgess, Jr., who is coaching the entries, claims that sixteen men have signified their intention of competing and are training for the struggle. Burgess and Hanson, the leading San Pedro entries, made a good showing in the professional race in this city and they have many backers who are willing to back them with real money.

Spider Huff and Tom Thompson, who were among the first to enter the race, have been doing good work in practice and Burgess believes they will give a good account of themselves.

Robinson and Yokoyama Claim to Be  
in Good Condition for Their Finish  
Contest.

Eddie Robinson claims that he is in excellent condition for the jiu-jitsu bout with Shosha Yokoyama at Naud Junction Saturday night. The veteran athlete is engaging in daily runs and bathing with a couple of assistants in his private gymnasium. Yokoyama is training at Venice.

The Jap went to the Police station yesterday morning and filed several of the city's "finest" that he was not a false alarm. He floored two husky policemen with clever holds, and then took on two firemen, who also went to the mat.

For the first time in his wrestling career, Robinson is to wear the white jacket that is used by the Japanese. He asserts that as a result of making this concession to Yokoyama, and that by American methods he will show the Japanese is not what it is claimed to be.

The contest is to include three twenty-minute bouts, a five-minute intermission between the rounds. The Japanese colony is planning to turn out on mass to support the contest, and the brown men by defeating George Santelli several weeks ago.

National Amateur Golf Champion Says

(ASSOCIATED PRESS NIGHT REPORT.)  
NEW YORK, June 21.—Jerome D. Travers, the national amateur golf champion, who returned from England today, told why he did not get past the first round in the amateur championship of Great Britain at Muirfield.

"Their system of playing golf is entirely different from ours," said Mr. Travers, "and they have many more good players than we have. When the best player competes for the championship, golf of high class is furnished from the start.

"Of course, we had to contend against a strange, raw, foreign climate and a different turf from what we have here.

"With regard to my particular match, I did not play so badly. On the other hand, my opponent not only played good golf, but luck was with him as well."

SENATORS WIN  
FIFTH VICTORY.Ehman Allows Perhaps Team  
to Score Onq Run.Hitt Is Soaked Hard in Two  
Different Innings.Running Catch by Martinko  
Game's Only Feature.

Sacramento, 6; Vernon, 1.  
It is not often we have Monday games like that one yesterday, for instead of greeting the players with wild cheers and glad acclamations, the fans that rooted on the third base bleachers waited for Hogan to give his second team a chance at the Senators.

Just to see if it could do anything. This was because the First Team could not make a showing satisfactory to the fans and because Hogan had as many players on the bench in uniform as he had in the field.

The fans joked about the perhaps players from start to finish for the simple reason that neither team had much life in it, playing aimlessly and without a singer. The locals had but two errors and did not play bad ball, but it was of the soft kind.

As a matter of fact the boys could do little with Ehman, and but two of them reached first base until the ninth inning, and such as he showed was too strong for the locals, for he fanned seven of them. Hitt was erratic, flitting from first to third and back, and the last four innings of the game, but losing himself in the fourth and fifth.

The Senators made the runs they needed and six of their nine awats.

The only fielding stunt in the entire game that rose above the ordinary was the fine running scoop catch by Martinko of Janing's short fly to left in the eighth inning. Everything else was a matter of routine.

Gandil, the pitcher, was in the hands of the fielders or right in their hands. Gandil pitched for the first three and the Senators in the fourth with a single to left. Charley Graham bounced the ball to Hitt, who tried to force Gandil at second, but he was thrown out.

For the locals, Bernard singled in the seventh inning, and then scored on Janing's sacrifice and Gandil's sacrifice. In the eighth, Bernard singled in the seventh inning, and then scored on Janing's sacrifice and Gandil's sacrifice.

SAN FRANCISCO, June 21.—[Exclusive Dispatch.] The greatest reception ever given to a prize fighter since John L. Sullivan first visited this city was the welcome tendered today to Stanley Ketchel. When the man who stopped Jack O'Brien arrived at the ferry, a great crowd roared a welcome. Ketchel was dressed in a fashionable suit and was accompanied by his father and brother and his manager, Willis Britt. They came up Market street on a trolley and attracted great attention.

Stopping at the Chronicle office, Ketchel was fairly mobbed as he descended from the coach. He threw away about \$50 in nickels and quarters, and newboys and bootblacks had a merry time scrambling for the coin. When Ketchel tried to leave the Chronicle building the vestibule was so packed that he could not get through. The wide street in front was blocked, and cheers were given as the fighter was taken to his hotel. Here another great mob gathered.

SAN FRANCISCO, June 21.—[Exclusive Dispatch.] Billy Roche was finally selected as referee of the Ketchel-Papke fight after a heated discussion. Papke held out for Eddie Graney, but Cochrane declared the Tuxedo Kid impossible.

Finally, three names were placed in a hat and the name of Roche was drawn. The proposition of a \$5000 bet was called off by mutual consent of Willis Britt, acting for Ketchel, and Ed Papke, acting for the Thunder-bolt.

(ASSOCIATED PRESS NIGHT REPORT.)  
NEW YORK, June 21.—Robert Fitzsimmons returned to this country today from Europe to fill theatrical engagements. He declared that no man could best Jeffries if he was in fighting condition.

"I want to fight that man Johnson," said Fitzsimmons when he landed. "I feel sure I can lick him; at least I am willing to make a desperate trial."

**MCDOOTY WINS.**  
CALUMET (Mich.) June 21.—[Exclusive Dispatch.] Eddie McDooty, of Oshkosh and Ar. Allard of Lake Linden, fought ten rounds to a draw tonight. McDooty had the best of the last six rounds, but the agreement before the fight was if both finished on their feet it would be decided a draw.

McDooty's left jab to the jaw, generally followed by right-handers, did telling work, and Allard was going in the seventh, but the bell saved him.

**JOHNSON TO FIGHT ROSS.**  
NEW YORK, June 21.—A six-round match has been arranged between Jack Johnson and Tony Ross, the Italian heavyweight, to take place in Pittsburgh on June 30, at the Duquesne Garden.

SEATTLE, June 21.—It was announced last night that another match has been arranged between Dr. B. F. Roller, the Seattle wrestler, and Big Yusif, the Turk. The match will take place in the Alaska-Yukon-Pacific Exposition arena Friday night.

In the match last week Roller took two straight falls from the Turk.

## GENERAL EASTERN.

### SHOWERS BOOST WHEAT PRICES.

#### MARKET STRONG ON RUMORED DELAY IN HARVEST.

Weather Bureau Comes to Aid of the Bulls by Predicting Additional Rain in Grain Belt and Green Sugarcane Forces Quotations on Cuts Up.

(Associated Press Night Report.) CHICAGO, June 21.—Possible delay in harvesting, owing to wet weather, was the chief factor in creating a strong market in the wheat pit. The weather bureau announced that showers had occurred during the last forty-eight hours in the Middle Western and Southern States, and predicted additional rain in the next twenty-four hours. The market had become overcast in a large extent, and the weather bureau's prediction of a delay in the harvest was a help to the bulls.

World's shipments for the week were less than last week, and the visible supply in the United States decreased. The principal reason for the decrease was the delay in the harvest in the Southern States, which had been expected to be a large factor in the supply.

Wet weather, local rain, and the fact that the wheat crop is not yet harvested, are the main factors in the market. The market is strong on the rumor of a delay in the harvest, and the weather bureau's prediction of additional rain in the grain belt is a help to the bulls.

ELLEDALE MAKES STR.  
(ASSOCIATED PRESS NIGHT REPORT.)  
TONOPAH (Nev.) June 21.—Lured by sensational details of the strike at Elledale, twenty-nine miles east of here, over 500 people departed in automobiles today for the scene. Mining experts are reported to have passed upon the strike as one of exceptional richness, and during the day \$10,000 is said to have been "gadded" out of rock filled with loose gold. The Elledale district is about eight miles square, and the camp, which already has a population of 1000 people, is but a few miles from the Jumbo.

GEN. LEA DISCUSSES METHODS OF SUICIDE.  
Reports from Manila as to Death of Chinese Emperor and Last Command of the Dowager Empress Bring Out Interesting Facts from Los Angeles Soldier.

Gen. Homer Lea (formerly of the Chinese reform army), who is finishing a remarkable work on military strategy at Vista del Mar, discussed yesterday the report from Manila that the late Emperor of China was forced to commit suicide by command of the old Dowager Empress as she was herself dying.

"All sorts of conflicting reports of murder and suicide have been published from time to time about the death of Kwang Hsu," said Gen. Lea. "No one can tell which are true."

"The suicide has a very strange place in Chinese life, however. 'All persons above a certain rank have the privilege of suicide instead of execution, except for the crimes of treason and the murder of parents. Those who best understand Chinese are least able to explain this strange indifference to death."

"The religion of the Chinamen holds out no hope to him of a future life; yet he regards death simply a phase of his career, exactly on a par with his university examinations, his marriage and so on."

"It is a common thing for a man to spit his enemy by committing suicide on the latter's door step. It is considered to be a peculiarly bitter reproach."

"I have known of many instances of the silken cord being sent to officials. It is a word, by the way, but a word and I have never known of an invitation to be refused."

"For one thing, the official knows he would be executed if he did not kill himself. This would disgrace his family. In case of a suicide, no odium attaches. It is called 'singing the world.'"

**Dunham's Freedom Bought, Declares Witness.**

"I have read the Bible from Genesis to Revelation and never found the admonition, 'Thou shalt not bear false witness against thy neighbor, unless thou come from the District Attorney's office,'" declared Attorney George Adams during a warm dispute in Justice Lina's court yesterday, over the admissibility of evidence. The Biblical reference was called forth by testimony of Miss Ella Hitchcock, a detective of the County Bureau of Criminal Investigation. She furnished much of the evidence against J. S. Rogers, who was on trial on the charge of having compounded a felony. The other defendants, Ernest E. Rogers and attorney Caryle Wynne, have not had their preliminary examinations yet.

Miss Hitchcock told of going to Rogers' office in company with Alice Dunham, the devoted wife of Frank Dunham, Jr., about whom the meshes of law were drawn. "Both the defendant and Ernest Rogers assured me that Dunham would not be prosecuted if \$400 was paid to them," she testified. "I would not accept a receipt for the money. I didn't see any reason for doing so."

She was given a searching cross-examination, but stuck to her story. The attorneys for the defense sought to show she had tried to trap the defendant and went to his office with the intent to get him involved in an alleged criminal transaction. When the line of questioning was interrupted by the objections of Deputy District Attorney McCormick, Attorney Adams made the allusion to scripture in an effort to prove that the detective was herself involved because she tempted the defendant to do an unlawful act.

**COURT COMPLIMENTS.**  
The court complimented Adams upon his knowledge of the Bible, but refused to allow the question.

The prosecution claims that Rogers agreed to have his wife, Alice, pass a fictitious check, which was preferred against Dunham, dismissed upon condition that he receive \$400. When Mrs. Dunham was informed of the alleged offer, she said she went to the District Attorney.

"I told my story to Mr. Browne," stated the wife, "and was introduced to Miss Hitchcock."

All comers are admonished to 'check grouches and other impediments, and bring one large appetite each.'"

**Chinese Believe It Gave Them Good Luck and Now They Fear Misfortunes Will Come.**  
The death of a little raccoon, yesterday afternoon, plunged Chinatown into the deepest gloom. Dire catastrophes, long troubles and a host of misfortunes are predicted because of the demise of the animal.

**TO SHOW THEIR DEVOTION, THE CHINESE** will have the hide beautifully mounted and placed in one of the elaborately decorated rooms of a long house.

**THE ANIMAL WAS THE PROPERTY OF SING** Chong of No. 230 Apalamb street. He bought it more than seven years ago and put it in a cage so small that the pet could hardly turn around in it.

**SING WAS A WILD OLD CHAP.** His place of business adjoined the long line of barred and shuttered buildings known as gamblers' row. As Chinamen passed Sing's store, they tried to stroke the fur of the raccoon. Lucky the fellow who accomplished this feat, for he was sure to win at fan tan! Sing took the cage into the store. Thereafter only customers might stroke the fur and be lucky. Business thrived on Sing.

**SO THE PET LIVED THROUGH THE YEARS** of Chinatown's prosperity to die of a broken heart in the time of its decay. The Celestials looked upon the beast as a patron saint of good luck. Now that it is dead, they fear trouble. They beat tom toms and burn prayer papers in the effort to propitiate the gods.

**NEW YORK, June 21.**—The price of radium is now \$8,000,000 per pound of twelve ounces. This price has been established by an order given to a British company by Lord Iveagh and Sir Felix Cassel for seven and one-half grams, which is little less than one-quarter of an ounce, and for which they have contracted to pay \$1,000,000. The radium is to be used in experimental work in an institution recently founded for the investigation of cures for cancer.
